Miss Laura Gilpin,
317 Cheyenne Road,
Colorado Springs, Colorado.

Dear Miss Gilpin:

Your letter addressed to us under date of July 6th, requesting a shipment of three pounds of powdered asphaltum, has been received at our present address, as above. However, we have not handled engravers' supplies for a good many years, having disposed of that department of our business to Messrs. Seldner & Enquist, 86 Hausman Street, Brooklyn, N. Y.

We have accordingly forwarded your order direct to them and they will be very glad to take care of your needs on the material which you have requested.

Thank you for writing us.

Very truly yours,

WILLIAM ZINSSER & CO., Inc.
