My dear Miss Gilpin:-

Many thanks for your letter of October 31st.

I am not quite sure as yet just how our schedule of exhibitions is going to work out for early next year but I think the probabilities are that we will be able to find a spot for your prints, at least I hope so. I shall keep the possibility in mind and try to work it in. It might be well for you to bring the prints along in any case.

Looking forward to the pleasure of seeing you, with many thanks for your interest,

Yours sincerely,
