I have been handling the pictures for the Mile High that took the panorama of the entire company in fort of the theatre. To start with there was only 1 dozen order, but up to date I have turned two dozen for them and have collected and am sending the money for same to-day. In this following list I am ^{you} the orders that I have so far, but in the comotion of things it is hard to get to the people at the proper time that they have the money with them. During now and the time that you get the prints back to me I will have time to collect for the balance of them if you wish me to do so, if not please let me know and I will take names and addresses and you can send them out C. O. D or do as you like about it. Personally I can get quite a little business for you if you can get the prints back to me before the show closes or make arrangements for me to collect for them and then have you send out those that have been ordered and paid for. These that I have orders for I am postive that I can have them collected for by the time the shipment arrives.

63 This is the list as I have it to date and the most of these are orders from the principals and I am postive that they will take their orders, but yesterday after the show they left for grand lake and wont be back until tomorrow. I am inclosing money order for the monies that I have collected and will continue to collect on orders taken until I hear from you. If my plan is not satisfactory I will refund their money which will entail quite a lot of detail. Trusting that this is satisfactory to you and that you will realize a profitable amount of business from this year's work and assuring you of my desire to be of service to you, I am

Very truly yours.

Shuman E. Sanders
Stage Manager.

I must have these prints before the show closes.

P. S . As you will notice---since I have made out this order I have collected some and taken a couple more orders. I am inclosing money order for \$37.00 and at this stage of the game, already, I am certain that I have taken on more than I thought for as I can not tell them just when these will be delivered and for certain wheather it is possible for them to get their prints as some of them are trying to get checks cashed, etc. I certainly hope that htis is not too complicated and that it is satisfactory to you. If it is not--please send back the \$37 and I will refund their money and let them worry about getting their prints.
