MRS. J. B. SPEED
505 WEST ORMSBY AVENUE
LOUISVILLE, KY.

Dear Miss Giepin, - It is the loveliest
thing that you can come to the
Museum while Brenda Putnam is
with us! - & I am writing to say I
hope you will be our guest during
your entire visit, & that the visit
will be a nice long one! -

When I say "guest", I mean
for you to be our guest at the

"Mayflower", just across the narrow street from us, where Brenda will be. - Our "505" is not so comfortable for any but the home brew; - we find our friends feel more independent to sleep at the Mayflower, where they can go to bed & get up when they please, & are not under the dominion of the breakfast-bell. - For other meals, & as much time in between as is agreeable to you, we claim you.

To have you & Brenda & dear Edith Napother together, so near us, & yet not ^{too much} under "Old Miss's" eye, (I'm a stout old party of nearly 80!) - is such a joy, that it seems almost too good to be true! - Come as soon as you can, - & stay as long as you can! - Cordially yours,
Nellie B. Speed,
