Colorado Springs, Colorado

Dear Miss Gilpin:

Yours of May eleventh received. I believe the arrangement you suggest will be quite satisfactory, and if you will call me when you go through Santa Fe, we will make definite dates.

I need quite a few photographs this time as so many of our interiors are now a little too old to use, also games and the usual groups.

It might be well for you to be here the week-end of June thirteenth, and if possible stay on until Commencement, June eighteenth. When you call up, we can definitely decide on this.

Looking forward with pleasure to your visit again, I am

Very sincerely yours,

A. J. Connell
