

TELLER HOUSE

Central City, Colorado

Dear Laura - It distresses me to have
to write that we cannot possibly afford
your beautiful picture this year —
The first time we have been without
this enduring record of the production.
Many people have been up this year
photographing for various publications,
so our publicity has been well cared
for, and as we are as usual
facing a deficit, we will just have
to forego a portfolio of your more
artistic and finer pictures — I am
so sorry — Would you come up
to see Adels House? It is very
much worth while —

Affectionately your friend
Ann Evans
