

January 19, 1937.

Miss Edna C. Barcellona,
Buffalo Museum of Science,
Humbolt Park,
Buffalo, N.Y.

Dear Miss Barcellona:-

The photographs of the Mayan ruins of Chichen Itza, Yucatan are being shipped to you to-day in accordance with our previous communications. They are being shipped by express and should reach you by the 22nd or 23rd.

There are two or three prints less than I told you. I found several prints had been damaged and on account of the illness of my father I have not had the time to duplicate them. They were, however, relatively unimportant ones, a tree study and a thatched cottage, so that they will not be missed from the group.

I enclose the list with prices in the event of any sales. Duplicates may always be ordered.

Hoping that you will find the exhibition a successful one, I am

Very truly yours,

January 19, 1937.
