Dear Miss Lamorey:-

Your letter regarding the 1937 show came two days ago, and I sent you six prints yesterday. I surely appreciate your using my Temple of the Warriors, and I do not know how I let the sending in date slip me by, but I have had a busy and difficult year, and many things and many exhibitions have had to go by to my deep regret.

I am very much interested in the circular which came in the same mail, and I enclose herewith my answer. Good luck to such a worth while effort.

Cordially,
