Gentlemen:-

I have just received your invitation to send a print to your forth coming salon. I shall be most happy to do so, but I notice in the announcement that the closing date is already past. Is this an error or was my invitation delayed in the mail? It came yesterday.

I need a few days to prepare the print I wish to send to you and I trust that I may take this time. It will be mailed without fail next week.

Thanking you for including me on this list and wishing you every success for a fine exhibition, I only wish I might see it.

Sincerely yours,
