My dear Miss Gilpin:

The exhibition of your photographs of Mayan ruins is due to be returned to you, but we would very much like to keep it over until the fifteenth of March. Would this be convenient?

Your photographs are beautiful and make a most interesting and delightful exhibition. We hope that it will be possible to keep them for the next two weeks.

Will you also please let us know whether you would like them returned to you or shipped somewhere else when they leave here.

Very sincerely yours
