

Sandía School

ALBUQUERQUE · NEW MEXICO

Dear Miss Gilpin - It occurred to me after you left that you may not have Jane Watson's address. She is Mrs. John Watson, Las Vegas Road, Santa Fe. She is writing you about the cards - ordering 25 sets of the Navajo, and ~~25~~ groups of ~~6~~ from the museum cards, and wanted me to ask you in this note to send her a list of anything else you might have and want to put in on crafts or Indian life. She is taking out a few reprints ^{from New Mexico} that overlapped with your cards, and the mimeographing of the catalogue starts Monday, leaving the lantern slides till last so that we can have your leaflet to get the titles from.

I am enclosing a tracing of a local lion that you may like to see.

I do hope you had a clear road going back -

and a good radio program.
The school family will all miss
you, and I appreciate so much
the ease with which you fitted your
rather strenuous job into inconvenient
times (and weather). Do forgive
me the horoscope and come again.

Cordially yours
Louise Patterson
