Dear Miss Gilpin:

I am just back and find your letter of April twenty-eighth in regard to the request from COUNTRY LIFE for photographs of our place. As a matter of fact, we have just now completed the outline of our gardens and the plants are starting. Whether or not they will show in a photograph will be a question for you to decide. However, I think the interiors and exteriors of the buildings themselves are in as good condition for photographing as they will be in the next two or three years, and I should be delighted to have you photograph them.

My intention was to write you, immediately on my return to ask you to come down and photograph my new school, as I am anxious to have some photographs to use in getting out a catalogue in the early summer. The buildings have been too new, but I can't wait any longer for a well-prepared catalogue. I am having Miss Estelline Bennett come out within the next two or three weeks to live at the school and prepare the written material for this catalogue.

I would like to hear from you, at your convenience, to let me know when you would like to come down, prepared to photograph the school and Los Poblanos Ranch.

Cordially yours,

RHS/m
