March 10, 1937

Dear Miss Gilpin,

Although I should like very much to use one of your superb photographs, I do not think there would be enough general interest for us in reproducing anything from the Fine Arts Center. Interesting figures though they both are, Boardman Robinson and George Biddle have been shown at work in too many other magazines this past year.

Have you any other ideas?

Cordially yours,

Allene Talmey
