Miss Gertrude Maloney,
Los Poblanos Ranch
Albuquerque, N.M.

My dear Miss Maloney:-

Thank you for your letter which came this afternoon. I am very much afraid that it will not be possible to send Irene Fisher the prints. County Life has used almost every one I made. The article and 23 pictures is just out, yesterday, and they have used every one that Miss Fisher wants. Also I cannot release these for duplication for several months and I doubt if Life would take them having first appeared elsewhere.

I am much pleased with with the Country Life article. They gave us a six page layout and the reproductions are very good. I am not certain just how long this magazine wishes protection, but Vogue requests six months. The only prints which were not used were three our four details of the buildings. They used all of the farm

Will you please tell Miss Fisher, whom I met here a few months ago, that I am most sorry that I cannot send her what she wants.

Very truly yours,
