My dear Miss Gilpin:

Miss Irene Fisher, who is employed by the Albuquerque Tribune here in Albuquerque, and whom you may have met when you were in Albuquerque, has been given permission by Mrs. Simms to prepare a series of pictures to be published in "Life".

Mrs. Simms took the portfolio of your photographs of the Ranch with her to Charleston and has asked me to arrange with you for whatever photographs Miss Fisher may need for her article. As Miss Fisher is leaving Albuquerque for the east on Friday or Saturday, will you be good enough to make a selection of five of the best photographs and send them to me on receipt of this letter? Naturally she could not use any of the ones that appear in "Country Life", and would like the following selection, if possible:

Interior of the residence,
Exterior of the residence,
Exterior of La Quinta,
Shot of the Garden,
Some farm picture (Mr. Summerford

tells me that you took one of the dairy herd and Mr. and Mrs. Simms, and Miss Fisher would like this one if you have it). Of course it is quite possible that the "Country Life" article will kill the "Life" series, but Miss Fisher is anxious to fulfill her part of the contract.

Very truly yours,

Secretary to Mrs. Simms.
