Dear Laura:-

Even if your photographs are late I shall make a place to show them. Am sorry you had to send to New York for them, but it was all my fault for not writing to you sooner. If it is not convenient for them to be sent you from New York, it will be all right with me to wait until it is convenient.

Thanking you for all the trouble I have caused, and hoping to have the photographs when it is possible

Am faithfully yours,

Mary R. Van Hook
