1½ MILES EAST ON HIGHWAY "66"

GALLUP, NEW MEXICO

Gallup, N. M.

Nov 13th 1939

Mrs. Laura Gilpin,  
Colorado Springs, Colo.

Dear Mrs. Gilpin:-

I am very sorry that we have not answered your letter before this, but we misplaced your samples and last time Mrs. Lippincott was here she meant to leave samples and in her haste forgot to do so. However, this morning I discovered ours and I am wondering if you will please send us an assortment say about \$15.00 worth just to see what we can do. I believe we can sell a good many of these in the near future.

Our business at the present time is a little slow but are certain that we shall be able to do something with these when business is good in the summer. Naturally we like the Navajo subjects the best and I believe we will not try the others just yet. I am not particularly fond of the subject you have in set No. 4 of the Navajo Medicine man, as he looks like a Taos Indian, so if you have any other medicine man to take the place of this one, please send it instead. We can do much better with the cards I believe in singles rather than sets

Thanking you, we are,

Very truly,  
CASA LINDA.

(Mrs J. L.)
