Miss Laura Gilpin
317 Cheyenne Road
Colorado Springs, Colorado

Dear Madam:

Your twenty-six applications on Form J-2 have been passed for entry as apparently in order, and the certificates will be mailed in due course. If the photographs are printed and published, you should be careful to see that all published copies bear on the face thereof the copyright notice as explained in Circular 7⁹ and promptly after publication with notice application for each work should be filed on Form K with two copies of the best edition and fee of \$2.00.

You refer also to the post cards entitled "Casa Blanca, Canyon de Chelly Arizona", "Los Ranchos de Taos Church 1772. New Mexico", "West View Los Ranchos de Taos Church 1772. New Mexico", "Navaho Summer Hogan", "Navahos by Fire Light" and "Navaho Weaver". The requested search discloses registration for only one of these works, i.e. "Casa Blanca. Canyon de Chelly Arizona" registered under No. J 9129 following deposit of one copy June 24, 1931. If already published (publication meaning the distribution of copies to the public by sale or otherwise) in the form deposited, registration would not be in order for the six post cards referred to since the copyright notice does not appear on the face. If they have not been published you should affix the notice to the face of all copies and apply for registration following publication in Class K. The notice on the face of the copies may be an abbreviated form consisting only of the letter C in a circle with the initials of the claimant, but if such form is used the full name of the claimant should appear on some accessible part of the copies.

Enclosures:
6 Forms K
Circular 70

Respectfully,
C. L. BOUVE
