Dear Mr. Fisk:-

It is good news to know that Mr. Petri is returning to this country and you may rely on me to do all in my power to secure an engagement for him here, as he has many friends here who will be delighted to hear of his return.

The four prints you request will go forward to Mr. Gaines to-morrow, and with this mail I am sending you nine proofs for your selection. Two of these are fadable proofs, the rest are fixed.

May I enquire if your posters and folders are yet contracted for? I do a good deal of work along this line for schools etc. and contract for the printing and design as well as the photography. I would be glad to submit sample work or proofs for what you may require and also a design for a poster. It is to my interest to see that my photographs are reproduced as well as possible and I have found that only by contracting for the work can I best attain this end.

The proofs I am sending you are some that I had on hand and are really discards, but they will serve the purpose for identification and I assure you that far more brilliant results in contrast of black and white will be forth coming.

Thanking you for your enquiry, I am

Very truly yours,
