Dear Miss Edward:

While in Albuquerque recently I saw Mrs. Albert Sims regarding an engagement from Mr. Patri in Albuquerque in November, and she told me that we could count on her to sponsor a concert there.

However, since returning home I have run into some difficulties in Colorado Springs. It appears that the College here will probably be having a concert by Harold Bauer just about that time, and every one thinks it would be very unwise to attempt two piano concerts so close together.

Mrs. Thomas Powers has returned to Colorado Springs and in a conversation I had with her the other day she stated that she will make every effort to secure an engagement in Denver. We will have to wait a little while to see if the College plans materialize before making any plans for Colorado Springs.

I wish I had more definite information to send to you, but this is the best I can do at the moment.

Very truly yours,
