Musical Artists Bureau,
New York City.

Dear Mrs. Edward:-

Thank you very much for your letter requesting quotations on window cards, and I am pleased to quote the following:

1000 copies including halftone plate and two colors as per design previously sent printed on 6ply white coated stock	\$70.00
2500 copies	\$110.00

On a better quality laid tone ivory stock the additional cost would be \$22. per 1000.
This would make a very handsome job.

I hope that you will find these figures satisfactory and that we may make the posters for you.

Is there any possibility of a later date for Mr. Petri than early November? Is he going out to the coast? It might be possible that we could manage a later date. I am sick over any conflict here for November and sincerely trust that we can work out dates for here and Denver as well as Albuquerque.

Very sincerely yours,
