

Dec. 30, 1939.

Mr. Gambrell,
Hall of State Museum,
Dallas, Texas.

Dear Mr. Gambrell:-

My photographs have been sent to you this morning and should reach Dallas to-morrow morning by express. There are 112 prints in all. I have sent quite a few more than Miss Herring requested for two reasons; one that having just had an exhibition here at the Colorado Springs Fine Arts Center, a group of seventy five were together and on display without the addition of the specially requested Chichen Itza series or the Navaho sets; second, it will give you a better selection to arrange your walls with extras to choose from.

There is quite a group of portraits. Should there be sufficient inquiry regarding portraits to warrant my coming down for some work, I should be more than glad to do so. I regret that I have only the two color prints. I have done some other portraits in color, but they have been delivered and I just have not had time to make any duplicates.

Under separate cover I am mailing you a series of Pictorial Post Cards of the Southwest which I have recently placed on the market. I do not know the policy of your museum regarding work for sale, but should you care to do so, I can send you any quantity of these cards you may wish. Should the sell well, it would make something for your Museum as of-course I will make you the same wholesale rate as dealers. The retail price 25¢ per set, wholesale 12½¢ per set. As a good many of the originals are in the group of prints, you might wish to place these on sale in connection with the exhibition.

I enclose herewith the complete list of prints with prices etc. and also a small folder regarding portrait work etc.

If there is any other information you wish me to send you, I shall be happy to do so.

Hoping that you will find the prints of interest, I

am

Very truly yours,

This is my only copy. Will you send it back when the prints, please?

PRINTS SENT TO THE HALL OF STATE MUSEUM. DALLAS TEXAS.
DECEMBER 30. 1939.
