Dear Sirs:-

Under separate cover I have mailed you on approval one dozen sets each of four new sets of post cards which have just come from the printer. As you might want to send some of these on to Gallup for the Ceremonial I am sending them before writing you.

The sets of Chiricahua and Rancho Church I hope will find a ready sale. I have permission from the Arch Bishop to do these, and in regard to the Taos set I have promised the Church the exclusive sale in Taos of this set for the time being. The custodian of the Church will have them on sale there. They can be sold in Santa Fe or elsewhere by you or any other dealer but I felt it important enough to secure these interiors to grant this exclusive sale for Taos.

With the Fiesta in Santa Fe not far distant, I hope that you will want more of these than I have sent you, and that the new Navaho set and the Acoma set will find a good sale at Gallups immediately.

Very truly yours,
