U.S. Camera Magazine Contest.
381 Fourth Ave.
New York City.

Gentlemen:-

Under separate cover I am sending you two photographs for your contest. These are copyrighted pictures as I am using them on a new series of Pictorial Postcards this spring. Should you wish to reproduce either of them, permission is hereby granted.

I hope to have some more things to send in a little later.

May I ask if any of the prints sent in in years gone by either for the Annual or for the many exhibitions are to be returned? I am greatly pleased with your Magazine. It is badly needed and you are doing an excellent job in filling a variety of interests. The best wishes for its success.

Very sincerely yours,
