New Mexico.

Dear Mr. Weir:-

I regret that so long a time has gone by with so little action regarding the post cards. I have just been unable to proceed with sufficient new cards to get the proper rate. However, I think I have it all lined up now and will go to press at once with a new set of Navahos, an Acoma Set and your set.

But before I send them in I must have the captions ready. I am sending you to-day a set of the prints and will greatly appreciate your suggestions for the captions. The prints for the printer are all ready to go and will be shipped just as soon as I hear from you.

May I ask at this time if you will be in a position to give me a substantial payment on your set of cards at the time of delivery?

I do hope that these new set sets will boost the sales of all of them and that a good year is ahead.

Very truly yours,
