

ten of his family from Detroit, New
York - Washington, I felt quite proud
that they all should think to
come see me.

We have not had any real cold
weather yet but lots of fog.

With love for you both - and

My dear Laura,

You don't know how much
I appreciate your sending me
that lovely book, "The pictures
are charming" yours as much
as any, and I shall always
enjoy looking at it, and can't
thank you enough.

Hope you and your father had
a pleasant Christmas, and hope
your brother could be with you.
I wonder if you have heard of
Rebecca Miller's death she went
out to Washington State.

My brother is with
George McRenalds & wife, who is
his niece he is in the Army and
C. spent 6 1/2 years with them in the
camp at Honolulu, just came back
last spring or late winter, then

this Spring he was ordered to
the Camp in Washington ^{state} and
she was going to join them there
when she had a fall - while at
Taylor House - which delayed her
~~several days~~ - hurt her ankle -
but she went last week - without
any trouble, but in a couple of
days was taken ill and only lived
2 days - was cremated and brought
here for burial.

Suppose some one wrote you
of Cornelia Buntin's death in
early November, or Edith
Hallowell & Florence have moved
to Alice Farguhar, at Astoria, we
enjoy having Amy Miller so near
and so glad Madge Massey Winslow
could be here with her the last her
husband last fall in an auto -
accident. Frank would not know
the neighborhood its so changed

don't know half the new people
and there are lots of them
Several of Roland Moores grand
sons are to be married. ^{But} Madge
Long. I'd I tell Frank that Madge
Morgan & Estelle both died last year
I would like to know who got up
the book you sent me, ^{will} you
had something to do with it,
John Hallowell - Frank's son is
such a fine boy, or rather young
man - he goes to Boston, and
takes some business course,
Dorothy Allison - all three of them
have been at No. 1, in the
Episcopal High School last year,
Douglas & Helen Farguhar's son
goes there too, and he stands very
high too.

I have seen Mr. Jackson twice
since Frank saw him last
Sept a year he was the day before
his 95th birth day - in April also
