Colorado Springs, Col.

Dear Miss Gilpin:

Thank you for your letter of July 3 advising that you are preparing an article for MY FAVORITE CAMERA AND LENS AND WHY. I can appreciate that the summer may bring additional work from field trips and the like and so quite understand that delay is often unavoidable. I will appreciate having one print-- something you consider outstanding and representative of your work-- and then your article might explain which lens was used in getting the picture. Your article should of course cover your favorite equipment as thoroughly as you think necessary to get the reasons for choosing it across. It need not be extremely technical.

Thanking you for your kind cooperation,

Sincerely yours,

Frank L. Harvey
