My dear Miss Gilpin:

The Kansas Magazine is interested in compiling a small album of murals by Kansas artists. I understand that you have some photographs of the Colorado Springs murals done by Ward Lockwood in 1937. Would it be possible to borrow these cuts to have prints made? If not, can we purchase prints from your negatives?

We would also like to have permission to use these in the Kansas Magazine. Of course we will give credit as designated by the Mural Commission.

With very best regards, I remain

Sincerely yours

John F. Helm, Jr.
