My dear Miss Gilpin:

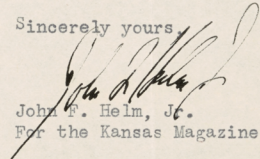

The post cards showing Ward Lockwood's murals in the Colorado Springs Fine Art Center have arrived. Would it be possible for ~~you~~ to enlarge the decoration itself over the doors on a glossy print? I take it from your letter that you already have the negative for this.

As you probably know, many organizations are very particular about having an estimate of the cost of such work beforehand. In order to satisfy the board, I wish you would please send an estimate of what it would cost for a glossy print of these cards and also of the three murals themselves. Also, please quote me a price for a photograph of the work by Kenneth Adams on the opposite wall.

Thank you so much for your information.

With very best regards, I remain

Sincerely yours,

John F. Helm, Jr.
