Dear Laura:

Please send me at your very earliest convenience, a glossy print (about 8 x 10") of the front curtain of the Central City Opera House (I mean the red one I designed with the yellow cherubs and the center opening). Also I would like a glossy print - or prints - showing clearly the curtain I designed for Central City Nights taken from the old High School curtain. You will remember that it had painted red drapes on the side and a white castle with a formal garden as a backing.

If you have ever taken a photograph<sup>s</sup> showing the frescoes around the top of the walls of the Opera House, or the ceiling, please send them too.

How are you, and best wishes and everything,

In haste,

*Bobbe Jones*
