Miss Laura Gilpin
317 Cheyenne Road
Colorado, Springs, Colo.

Dear Miss Gilpin:

Sorry to have missed you on the occasion of my call at your home a couple of weeks ago. I do appreciate the courtesies extended by your father and his interest in showing me some of your work.

As President of the Minneapolis Camera Club this year I would appreciate your consideration in sending an entry for our annual salon. I have enclosed a form for your convenience. The exhibition dates have had to be changed to meet the program of the Minneapolis Institute of Arts. The exhibit will be held from Dec. 6 to January 7. The closing date for entries remain unchanged.

With such renowned workers as Harry Shigeta and Doctor Thorek from Chicago commenting on our Salon as equal to any they have seen I am sure that you will agree that Minneapolis Salon stands as one of the top Photographic Salons in the country. We usually have a very large entry coming from all parts of the globe and from which a selection of close to 200 prints is made. I therefore suggest that you send us some of your best work as I would very much like to see your prints hung this year.

Anytime you are in Minneapolis I would appreciate your getting in touch with me.

Cordially yours,
