Dear Miss Gilpin:

Referring to our conversation regarding post cards, I find that our Storeroom here sent you an order on May 16th which has not been filled and we think it should have been here by this time.

I am making a survey of several of our places on these and will write you further in a few days.

If I remember correctly I believe you said you had a new Acoma set and would like to see any other sets you have besides those we have ordered. Please let me know so I can incorporate them in any future orders.

Yours truly,

HS:MH
