Dear Miss Gilpin

Many thanks for your nice letter to which I was unable to reply until today. I look forward to the pleasure of seeing you in Colorado Springs, where I shall be stopping at the Antlers, I suppose and I hope it will be horrible for me to avail myself of your kind offer to "do" me again! But I can't say at present - I have been very ill and six weeks in the hospital - my strength has not yet returned and I don't know how much I can do particularly when it comes to Colorado altitude. In any case, I will communicate with you as soon as I arrive - With cordial regards
Sincerely yours Harold Bauer
