Dear Miss Gilpin:

In checking up, I can not find where W. Pyncheon (founder of Springfield, Massachusetts) and Charles Chauncey (president of Harvard) were connected with the Cowles family. In my letter of April 4 to you, I stated that I should like to have their pictures included, assuming that Mrs. Stewart had the evidence of their relationship. I want to request now that you use those two pictures, for me, if Mrs. Stewart has a definite relationship established. *Otherwise, not.*

In a few days I expect to send you a number of photographs.

The morning of Saturday, April 13, I am leaving here for Chicago and New York. On my way to New York, I shall be in Chicago just one day -- Monday, April 15; but returning from New York I shall be in Chicago several days, arriving there about Sunday, April 28. I shall stay at Alfred Cowles' apartment, 1130 Lake Shore Drive, while I am in Chicago.

Sincerely yours,

W. B. Cowles
