

EVESHAM
GEORGE SCHOOL
BUCKS CO., PA.

June 11th 1940.

My dear Laura - .

Do you remember in your distant past a cousin named Julia Thome? Possibly yes and possibly no, but I remember you, and as I am here in Colorado Springs for a few days, I had hoped that I might renew my acquaintance.

I learn to my great regret that you have been ill, and so I shall probably not be able to see you. I am extremely sorry for the cause and it is a disappointment to me, but I know that a stranger is often a bit of a task

under the most favorable circumstances
and if one is not well, it is often more
than one should undertake, so please
accept my greetings and I hope we
may meet again before so many years.

My husband and I drove west with
our two daughters to be here for the
graduation of our son at Colorado
College, which takes place this morn-
ing, and we shall be in the city for
a couple of days longer. We are staying
in the home of Mr. Bramhall, 112 E. San
Rafael.

I regret not seeing you, but am glad
to hear that you are improving.

Cordially yours,

Julia B. Eves
