Dear Miss Gilpin:

Congratulations most heartily on your gorgeous photographs illustrating Dr. Vaillant's article on "Chichen Itza" in the current number of Natural History Magazine.

A day or two ago a friend of yours attended one of my lectures in the Planetarium. She came to the lecture-box afterwards and conveyed to me your greetings. I was very much pleased to hear from you in this way. I often recall with pleasure my little visit to your studio in Colorado Springs.

With the highest personal regards, I remain,

Sincerely yours
