

August 19, 1940.

My dear Mr. Cowles,

Thank you very much for the check which came this morning. Your letter also about the Cheney brothers etc. came in the same mail. I am at work on the dummy and as soon as I get some corrected proofs, I will send it all on to you. I want to have this much done as correctly as possible at this time. However we are going to be up against some re-arranging to get in all the material you have sent me. I will indicate it all in the dummy, and I hope to send it to-morrow or certainly by the next day.

Will you send me the wording you wish on the covers and back of the bindings. I am writing to Mr. Eschmann again and will soon be able to start him on the bindings.

Aunt Fanny is still away, and I will hold the Inscription page until we get the corrected dates.

With best wishes, I am

Sincerely yours,
