New York City.

Dear Mrs. Rhine:-

Your letter asking me to be a member of your advisory board for the photographic exhibition for "Gardens on Parade" at the World's Fair has come and I appreciate greatly the honor you have made to me. I am not sure just how much use I can be to you at this distance, but if you feel that I can be of service I am most happy to accept.

I shall be happy to encourage any exhibits I can from this section of the country. I suggest at this time that you send an invitation to Mr. Ernest Knee, Santa Fe, New Mexico, a very fine photographer who has done some garden work I know. He may be able to suggest others in the New Mexico area.

Thanking you very kindly for your invitation, and assuring you that I shall be most happy to lend any assistance I can from Colorado, I am

Very sincerely yours,
