New York City.

Dear Sirs:-

Enclosed please find my check for \$41.25 for 300 sheets of Rives Cream heavy paper. As this is to be used in books which will have hand lettering and as the lettering is to be done in New York, please hold the paper until I notify you where to deliver it. I will want to have it cut to specified size. As soon as I hear from the binder I will let you know the exact size the paper is to be cut.

I was unable to get a decision on this paper until now and trust that you still have this amount in stock.

It will only be a few days until I notify you regarding delivery.

Very truly yours,
