Attention of Miss Laura Gilpin.

Dear Madam:-

We thank you for your card of May 28th, and wish to inform you that we duly received your check and order for 2-ounces of Potassium Chloroplatinite. We had hoped to be able to ship this before now, but our stock is somewhat depleted and we will have to make up a new lot. We expect to make shipment the early part of next week.

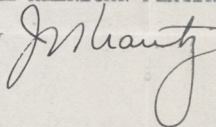

You also ask as to the length of time the Potassium Chloroplatinite will keep. Our Research Department informs us that this salt, if placed in a well sealed bottle, will keep almost indefinitely.

We very much regret this delay, and hope it will not inconvenience you.

Yours very truly,

THE AMERICAN PLATINUM WORKS,

By
