

ONE OAKLAND GARDENS
RYE, NEW YORK

July 2nd, 1940

My dear Miss Gilpin:

I am pleased to hear from you but sorry to hear about the turkey business. I well remember, from my early days on the farm, the great element of chance in the turkey business.

Yes, I still have the exhibition in tact and would love to send it out to you. I am sure Dr. D. J. Ruzicka would be glad to send some of his pictures to you. His address is 37-15 79th Street, Jackson Heights, New York. I will be able to send you names of others in the fall.

I do not know whether Karl Robinson coated on plain paper or just gave Platinotype warm Japanese paper an extra cost. I do know that is what Paul Strand did. However, I understand a splendid paper to coat is some made in Brooklyn and distributed through art stores. It is Bainbridge drawing paper.

If you do get on here I will look forward to seeing you.

Very cordially yours,
