Dear Miss Gilpin:

As yet I have heard nothing from Mrs. Stewart
but of course affairs of this kind move slowly.

I enjoyed meeting the Lippincotts very much
and was impressed by their sincerity and intelligence.
They expect to be back through here sometime this month
and I hope I will see them again on their return visit.

It would indeed be nice if you can finally
realize on your blankets as I well know that you could
use the proceeds to advantage.

Sincerely yours,

H. P. Mera
