Colorado

Dear Madam:

This will acknowledge your letter of March 1st, and we are pleased to advise you that we are still importing the hand made papers from Europe and the Far East. You will note from our letter-head that we have changed the title of the company, and the enclosed announcement explains this change.

The sample of paper for photographic purposes, which you mention, was not found in your letter, and we will look for it in succeeding mails.

Looking forward to your further word, we remain

Very truly yours,

THE STEVENS-NELSON PAPER CORPORATION

Announcement

JAPAN PAPER COMPANY, an American owned corporation was organized in 1901 as importers of Japanese Papers. Subsequently the sources of supply were broadened to include fine papers from other countries in Europe and the Orient.

The recent addition of a number of Domestic Papers has emphasized the desirability of a change in corporate title that would indicate more appropriately the present character of the business, and has resulted in the formation of

The Stevens-Nelson Paper Corporation

With the cooperation of a group of representative distributors in the United States, this Company will hereafter market the Domestic and Imported papers formerly sold by Japan Paper Company.

The new Corporation will carry a comprehensive stock of papers, extensive in both variety and utility as well as in price and quality.

USES OF NORMANDY VELLUM

ORMANDY VELLUM by virtue of its three weights, two colors, and two finishes gives the printer a great working variety. It has two deckle edges running the long way of the sheet and the Normandy Vellum Watermark runs along the deckle edge. The two finishes and colors allow the use of plates made in line or Ben Day, regular halftones, high-light and color process halftones, besides being adaptable to Offset and Lithography, Photogravure, and Intaglio processes. Normandy Vellum is particularly pleasing for fine book work and brochures, the type showing a clear, even impression.

We are listing below some of the many uses which we have seen well handled by many printers.

BOOKS	ANNOUNCEMENTS
BROCHURES	LETTERHEADS
BOOKLETS	MUSIC MARKERS
FOLDERS	PROGRAMS
COVERS	CHRISTMAS CARDS
BOOKPLATES	MENUS
PHOTOGRAVURE	CATALOGS
INTAGLIO	COLOR PROCESS

ENVELOPE ENCLOSURES

We earnestly hope that our friends may receive stimulation and inspiration from the specimen book and that it may be of great practical value. We are glad to coöperate in the making of dummies and in supplying stock for experimental use.
