Dear Miss Gilpin:

Mr. Maloney has been in and out constantly since your letter of June 2nd arrived. As he was leaving Saturday -- again in a rush -- he asked me to write you that your pictures had arrived and that he likes them very much.

He also wanted me to tell you that there will be a quarterly after the annual, and that the annual this year will be more beautiful than ever. It will be in one volume and of a larger format than we have ever used. So far, the pictures selected are all particularly interesting and have come from a widely chosen group.

Cordially,

M. E. Bradley
