OFFICE OF Charles Bass, PRESIDENT

Miss Laura Gilpin
317 Cheyenne Road
Colorado Springs, Colo.

Dear Madam:

We are very sorry to tell you that we are unable to supply you with a fast shutter, Compur or otherwise in the size you require. It is just barely possible that later in the year, the new Kodak Supermatic which has speeds to 1/400th second will be available for purchase.

At the present time, the entire output on these shutters is being used for the new Kodak Bantam Special cameras.

Just received is a very slightly used Wollensak Series II 6" F:4.5 lens in barrel mount. This lens is well corrected and has a very flat field. You can have it for \$32.00.

If you would like to try it out, let us know, and if you are not thoroughly satisfied you may return it for full refund.

Very truly yours,
