

Oct. 23, 1941.

Mr. Walter Frese,
Hastings House,
67 West 44th St.,
New York City.

Dear Mr. Frese:-

The surest way I know to have expected mail put in appearance, is to write saying that it has not yet been received.

I am fully aware that delays with war conditions are to be expected, but I do hope that they will be short delays. All this to say that I am still looking for the Galleys in every mail. And the book stores tell me they have not yet received anything in the way of circulars.

It is my hope that by sending this off to you to-day that everything will arrive to-morrow.

With best wishes and assuring you of my sympathy with upset conditions, I am

Sincerely yours,
