My dear Mr. & Mrs. Henderson:-

It is a long time since my last trip to Santa Fe and I have not heard of or from you since the Schnauzer pup grew up. I am wondering how he has turned out.

I am coming down on Friday and if you think the pup is good, and I do hope that he has turned out so, I may bring his grandmother down. She is just 11 and it would be the last chance to breed her. She has just come in season. She is one wonderful dog and I should love you to see her.

Hoping that this finds you well and that I may be seeing you in a few days, I am

Most sincerely yours,

Would you drop me a line by return mail so I shall have some word from you before I leave early Friday A.M.
