Dear Miss Gilpin:

Edward Steichen has finished judging the pictures for U. S. CAMERA. He wants to include your picture of a Navejo summer hogan.

This year in practically all cases every photographer is getting a full-page picture. Since our page size (FORTUNE size) is considerably larger, we would also like to run the photo data on the same page as the picture, or -- should the picture be a bleed -- on the facing page.

Will you do two things:

1. Write about 200 words on yourself, the picture, and the technical data of taking it.
2. Send the information as quickly as possible. Certain sections have to go to press very soon due to the turmoil in printing and paper caused by defense preparations.

Again, I should appreciate it greatly if we could have this information by return mail.

Cordially,

Tom Maloney
