Dear Laura -

What a marvellous result! The ~~go~~ wedding journey picture is beyond price, and I have orders from Dad to have it properly framed immediately. It is a treasure - The others are a great improvement, too. Did Cousin Frank know who the other couple were? I couldn't find the bill anywhere. Trust it will be forth-coming!

I thought Cousin Frank

would be interested in the
enclosed clipping - A very sad
death, and so hard on Cousin
Emma, who has made a life
work of looking after him, and
never dreamed she might out-
live him - I'm sure - I know
she has been unable to picture him
getting along for a day without
her, which may help.

Do you know anything
about those high school square
dancers - whether they ever
come this way on Tour, or have

any literature to send out about their
tours, prices, etc? I read the
article in the Post, and am interest-
ed in getting there for a benefit
performance, if they come this way
this spring. If you happen to
see anyone connected with it, I
wish you would give him my name -
I am deep in all sorts of extra-
mural activities, and get more
than a bit fed up on the subject -
but it has to be done - Hope my

extreme old age can be spent
more quietly -

Miss Hiddle said she had
written to you about the photog-
raphs. Hope we are going to have
a chance to see them here -

Wish you could come along.

Mrs. Ditch seems about the same -
I don't think she sees anybody
much -

Much love to you both, and
thank you again for the pictures -
As ever
Thildeed.
