Dear Miss Gilpin:

Thank you for your note of the tenth, and please forgive my failure to acknowledge the arrival of the slides. They came just in time and were of great help in my lecture. One Chicago professor was sufficiently impressed that he asked me for your address. For the time being it will be unnecessary, I think, to have you make the other four slides.

Enclosed is a check for \$16.75 which I hope covers the mailing costs in addition to the price of the slides.

Cordially,

*Edw. Peck*
